### **Highlights for Sponsors:**

in the meantime I have a great relationship with the media in South Africa and at the events I take part, I always have good TV coverage.

In 2010 I want to start at the Xterra races in South Africa and the World Championship alongside I will compete in MTB Marathon and multi sport events in South Africa. The highlight will be to defend my tittel at the Cape Epic in the Mixed category.

I'm based in Cape Town and organize Triathlon and Xterra Training Camps, Sport Event Tours for MTB and Triathlon Events and do mtb clinics in South Africa. So my sponsors also get great exposure there.
